

Double Gate

This map was created by merging the old Jenny Pruitt sales map and a map of the new phases supplied by Joyce Calhoun, sales person for new construction. The resulting map may not be totally accurate. The original maps were intended for sales purposes, not legal drawings of property boundaries, and each of the two maps had to be scaled to obtain a best fit at their interface. But it does show the extent of Doublegate at its completion and will help residents locate streets in our subdivision.
