RE: Speed Hump Petition for the Doublegate Subdivision

Dear Mr. Waggaman:

The Transportation Division has reviewed the documents submitted with respect to the Fulton County Speed Hump Policy. According to the presented petition, the Doublegate Subdivision meets the minimum requirements for the installation of speed humps. A review of the petition indicated a 90% approval of homeowners along Twingate Drive and a 78% approval throughout the neighborhood.

Should your homeowners association desire to implement the installation of any additional speed humps, please contact me at your earliest convenience. If you have any questions, please feel to call me at (404) 730-7476.

Sincerely,

Matt Moosbrugger
Senior Traffic Engineer
